

LMP-E180

Replacement lamp for the projector model VPL-ES1, 185 Watt UHP

The LMP-E180 is a 185 Watt UHP (Ultra High Performance) lamp for the projector model VPL-ES1.

During its entire lifetime you can rely on a constant light output generated by this lamp.

When making important presentations, it is better to ensure you always have a projector lamp in spare, especially towards the end of the lamp's lifetime.
